### 九、阅读短文,判断正(T)误(F)。(15分)

The disabled people are also normal people, except they can't see as much as we can, or they can't walk as fast as we can. Since(因为) those, they need our help. For instance(例如), a man on a wheelchair may find it hard to get onto the second floor, or a blind man may fail to cross the street without help. We can help them to push their wheelchairs, or help them to cross the street. We should help the disabled people because they deserve our respect.

( F )  1. The disabled people don't need our help.

( T )  2. Some disabled people can't see as much as we can.

( T )  3. Some disabled people can't walk as fast as we can.

( T )  4. A blind man may fail to cross the street without help.

( T )  5. We should help the disabled people.
